AIR FORCE TESTING GROUP VISITS SOON

The United States Air Force has announced that they have the answer to the old question many young men ask themselves "have I got what it takes to pilot an airplane?" Until recently the only way a young man could find out was to join one of the armed services and then attempt to qualify. Now, the Air Force has a plan wherein a man who is interested may apply for testing and be allowed to take all of the tests (so long as he is successful in each one) and still not be under any obligation to serve in the Air Force flying program. If he is successful in all of his tests he then receives an invitation to enter the program. If he so desired he then enters the Air Force for specialized training.

An aviation cadet selection detachment will be at Hartnell for the purpose of interviewing and testing any interested young man between the ages of 19 and 26½.

HOW'D YOU LIKE TO...

earn \$5000
a year...

be an officer in
the air force...

get an exciting
head start in
jet aviation...

AND

belong
to a great
flying
team?

1/Lt. Robert Cabaniss
and Aviation Cadet Se-
lection Team 101 are
coming to Hartnell to
show you how. They'll
be here May 11. Meet
them at the men's lounge
during their stay.

PANTHER DISTRICT ELECTION SET

When electors of the Gonzales and King City high school districts go to the polls to vote on May 21, the question of their joining Hartnell College District will undoubtedly receive serious consideration.

The key to the growth of the greater Hartnell College District will hinge on the action taken by the voters of Soledad, Gonzales, Greenfield, and King City.

One big question raised by many voters, according to Hartnell College officials, is whether it is possible for either Gonzales or King City high school districts to join the Hartnell Junior College District separately? A junior college district must be composed of one or more complete high school districts. These districts must be next to each other. It would therefore be possible for Gonzales to join the Hartnell district even though King City did not, but impossible for King City to join unless Gonzales does.

At present the Hartnell College District has the same boundaries as the Salinas Union High School District, which includes the area from Moss Landing in the northern part of the county to Chualar.

The assessed valuation of the present Hartnell College District, figured at \$114,326,095 for 1953-4, is one reason why Hartnell College has never lagged behind in the field of educational offerings. The assessed valuation of the Gonzales and King City high school districts is \$16,530,125 for Gonzales and \$30,827,440 for King City.

The Hartnell College District, in round figures, has buildings, equipment, and land worth more than \$1,500,000, all of which is completely debt free, and it is one of the few college districts in California where this is true.

Hartnell Hosts May Play Day

Under the direction of Miss June Handley, advisor of the W.A.A., a girls play day will be held at Hartnell college tomorrow. Invited to play the W.A.A. girls are M.P.C., Salinas Union High School and King City Union High School.

Badminton and Archery games are scheduled for 9:30 to 12:00 o'clock, and Tennis and Softball will be played from 1:00 to 2:30 o'clock. All persons are invited to watch the competition.

Ken Blue, new football mentor at Hartnell College, is an ex-air force gunner. During World War II, Coach Blue twice had to bail out of disabled bombers.

Graduation date at Hartnell has been scheduled for Friday, June 11.

Last Chance

Yearbook Editor's Doris Simon and Karol Klauer revealed today that only fifteen 1954 La Reatas remain unsold. Students interested in obtaining a copy of the new La Reata should contact Betty Houston as soon as possible.

A record number of 400 books were ordered by the Associated Students and the Hartnell District board voted to purchase an additional 50 books for publicity purposes.

State Studies Student Union

Tentative estimates by Mr. Jerome Kasavan, A.I.A., as to the cost of the Student Union at Hartnell college were presented to the Hartnell college Board at its regular meeting on March 16.

Planning for the Student Union is going ahead on the basis of the building costing approximately \$102,000, plus approximately \$3500 to \$5000 for necessary additional electrical wiring which will permit an annual savings of approximately \$600 a year on electricity bills. A special report on the reason for this added cost was to be made to the board at its next meeting. Furnishing of the building will be an additional cost above these figures.

At this time the preliminary plans are in Sacramento being checked by the State School Housing Committee. The State has the feeling that the student union should be placed between the gym and athletic field. The local feeling is that it should be placed at the north of the campus between the president's home and the science wing. The board feels that to put the union where the State wishes us to consider would cost at least \$10,000 to build a parking lot.

Mr. Stuart Dufour, who is attached to the administration office, stated that he doubts very much if the building will be held up over this factor.

Hartnell College may open the 1954 football season against highly regarded Yuba College.

Graduates of Hartnell College have enrolled at many of the nation's leading colleges and universities.

Hartnell Choir Will Travel For May Second Bay Area Debut

Hartnell's 40-voice choir will perform at the Twenty-first Annual Northern California Junior College Music Educators' Festival, Monday, May 3.

The Hartnell choir will be one of fourteen junior college

choirs participating, according to choir director Vahé Aslanian. Numbers to be presented by the Hartnell choir include the following: Create in Me a Pure Heart, a beautiful motet by Johannes Brahms; Hospodi Pomilui (Have Mercy O Lord), a powerful Russian religious chant, by G. V. Lovovsky, and Praise Ye the Lord, the 150th Psalm set to music by Cesa Franck.

Highlight of the music day will be the direction of a combined choir, consisting of over 500 voices, by Hartnell's Vahé Aslanian. The choir will sing the Gloria from the Twelfth Mass by Wolfgang Mozart.

Schedule for the choir includes a bus trip to the Bay area, registration at San Francisco State, a period of relaxation prior to a lunch and then rehearsals prior to the performance of the fourteen choral groups at 1 o'clock that afternoon.

Hartnell choir students will have an opportunity to be taken on tour of the campus by the San Francisco State music students. Following dinner there will be a performance by the famous San Francisco State choir. During this performance the mass junior college choir will sing the Gloria.

The badminton tournament is entering the final stage. Shirley Smiley and Jim Belcher will play in the finals against the winner of the contest between Annabelle Shirachi and Harold Kolstad vs. Pat Mertz and Jack Rowley. The consolation tourney is still being played.

A banker may write a bad poem and get away with it; but just let a poet try writing a bad check.

to discuss this topic: Executive Legislative Relations in conduct to foreign affairs. The N.C.P.S.A. meets at San Mateo Junior College campus on May 8, 1954. The chairman of this program is Mr. Donald Castleberry, who is also chairman of the Political Science division at San Francisco State College.

Dr. Kaupas Gets New Honors

Dr. Victor Kaupas, a political science and philosophy professor at Hartnell has recently been invited to become a member of the American Academy of Political and Social Science.

The academy, which was established in 1889, is a very exclusive scientific society, and membership is only by invitation. Among its members is former president of the United States, Herbert Hoover, who is one of the academy's vice presidents. The membership also includes some former Prime Ministers and Presidents from several foreign countries.

At the same time, Dr. Kaupas was invited by the Northern California Political Science Association

Hartnell Thinclads Clash in Conference Meet at Monterey

Panther Nine Conquer Marin; Faces Menlo Here Today

Allowing only three hits in 16 innings of play, Panther pitchers Hal Kolstad and Chuck Dillard held the Marin Tars to two runs in sweeping both ends of a doubleheader, 8-2, 4-0, in contests held here, April 24.

In the opener Kolstad hurled a two-hit ball game and was ably supported by his teammates as they drove across eight runs with the same number of hits. Don Halterman scored two runs, and Dillard, in collecting three hits in five times at the plate, hit the only home run of the day.

In the second game, Dillard chucked his first one-hitter of the season in shutting out the Tars. While the Panthers banged out eight hits they drove in only four runs. Don Locke had a perfect day at the plate, and though he hit two for two, failed to score. At no time in either game were the Panthers in considerable trouble. The two victories have placed Hartnell

solidly in first place in the league and increased their conference victories to four straight without a loss.

MENLO OAKS INVADE

The Hartnell Panthers will place their undefeated league record on the block when they meet Menlo in a doubleheader, today, on the Hartnell diamond.

The Panthers have developed their hitting, making their attack more consistent. The team has six hitters batting over .300 and two of these players are hitting at a plus .400 clip. Don Halterman leads the team with an amazing .488 and the team average is a healthy .293.

Chuck Dillard and Hal Kolstad are expected to start, though Coach Jess Regli hasn't announced in which game either pitcher will perform. The strikeout record of this pair is exceptional, and it is mainly due to the pitching strength that Hartnell is favored.

College of Sequoias Wins Small College Meet; Harts Second

College of Sequoias, showing surprising strength and depth, walked off with the fifth annual Small College Meet, April 24, by accumulating a monstrous total of 132 points.

Hartnell, the hosting college, finished with 64 points, edging Porterville, which collected 60 digits for third spot. Napa had 38½, M.P.C., 38; Fresno and Menlo, 29; Marin, 28; Reedley, 24; and Coalinga was shut out.

High spot for the Harts was the winning by Bob Larson of the Best Individual Performance trophy. Larson tied the meet record in the high jump at 6 feet 3 inches and won the high hurdles in 15.9. He also tied for third in the pole vault at 12 feet.

Marv Anderson flipped the discus 139 feet 5 inches for a first spot and a new meet record. The relay team finished third, and Bill Mix dittoed in the 880 race. Ted Lang did the same in the discus.

The Panthers also grabbed a fourth and three fifth places to complete their scoring. Coach Adams expressed his thanks to all who helped run off the meet.

Late Rallies Stopped; S.J. Frosh Dumped

Weathering rallies in the eighth and ninth innings, the Panther horsehiders stumbled to an 8-6 verdict over the San Jose Spartan Frosh, April 20, on the S.J.C. diamond.

Chuck Dillard and Hal Kolstad split the pitching chores, Dillard chucking the first five frames and Kolstad finishing the game.

Hartnell jumped on San Jose for three runs in the first inning, added another in the second, and three more in the fifth to give them a 7-0 lead. Don Locke, Don Halterman, Dick Herman, Morris Boutte, and Dillard all gathered two hits apiece.

Halterman Paces Club

Second-sacker Don Halterman and pitcher-outfielder Chuck Dillard are leading the Panther hitters in batting after 15 games have been played. Halterman is blasting the ball at a .488 clip to outdistance his teammates. Dillard is following closely with a .441 average, and his 26 hits pace the squad in that department. Five other Panthers are hitting over the charmed .300 mark. The team, with a record of 11 wins, 3 losses, and 1 tie, is hitting at a lusty .293 average.

Player	AB	H	Avg.
Halterman	41	20	.488
Dillard	59	26	.441
Cornaggia	8	3	.375
Martines	11	4	.364
Locke	34	11	.324
Herman	38	12	.316
Adams	36	11	.306
Boutte	42	12	.286
Tomczak	24	6	.250
White	43	8	.186
Dix	24	4	.167
Kolstad	21	3	.143
Shields	22	3	.136
Others	41	6	.146

Panthers, East Contra Costa Highly Favored to Win Crown

The powers of the N.C.J.C.C. clash tomorrow afternoon at Monterey Peninsula College to establish the conference track champions. Hartnell and East Contra Costa are cofavorites to walk off with the league diadem.

The Panthers have defeated Gay Bryan's Vikings previously this season in a dual meet and also dropped one to them in a triangular affair. The conference meet to be held on the Lobo oval will settle any disputes that exist.

TOP PERFORMANCE CAN PRODUCE WIN FOR HARTS

Coach Ed Adams says his thinclads can come home with the league crown if we can show the desire and performance that was exhibited in the dual meet here with E.C.C.

The Harts hope to pick up the majority of their points in the distance races, the discus, and "Bob Larson's events," consisting of the high jump, pole vault, and high hurdles. Larson has consistently won these events and seems to enjoy the responsibility that lies in his abilities. Marv Anderson should fling the discus out of the opponents' range. His closest competitor will probably be teammate Ted Lang. Sylvester Green, who also outclasses his field, should be an easy winner in the two-mile, providing the lanky runner can recuperate from a persistent cold that knocked him out of the Small College Meet.

MILE RELAY WILL BE CLOSELY CONTESTED

In all probability, the mile relay will hold the key to team victory. Ken Daugherty, Reggie Kenyon, Richard Avilla and Bill Mix will be out to dump the speedy Vikings who hold a 3:36 mark this year.

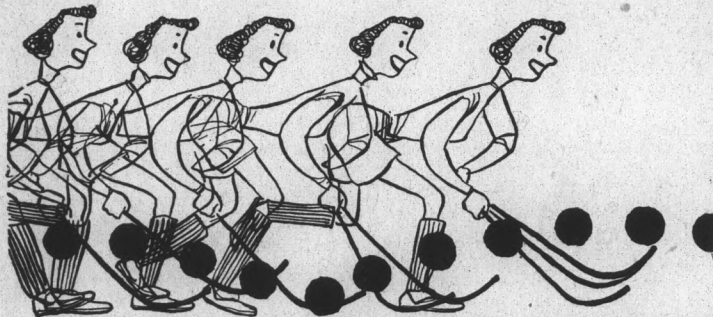

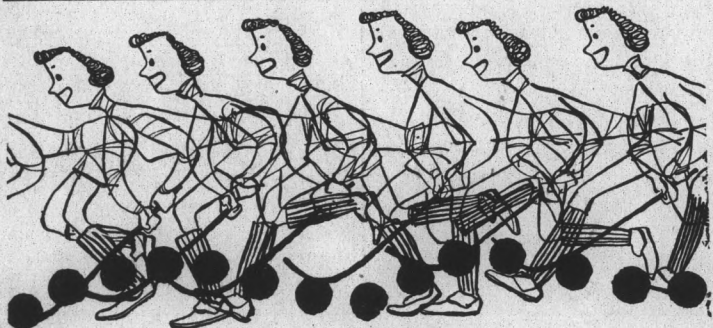

Other positions where points will be closely contested for are in the mile, with Green, Ron Martin and House of Marin dueling for first spot; in the 880 with Mix and Contra Costa's Kammerow in a dead heat, and in the broad jump where little Don Colantro will try to push Joyner of E.C.C. and Menlo's Osborne.

Here is the opportunity for Monterey, Marin, and Menlo to be the "spoilers." Any points that these teams should take away from either Hartnell or E.C.C. could determine the championship.

SEVEN RECORDS COULD BE BROKEN OR TIED

Times and distances in no less than seven events stand chances of being broken or tied. Anderson should shatter the discus mark. Larson holds even chances in all three of his events. Contra Costa's ace, Joyner, should break the broad jump distance and could equal or better both sprint marks.

The meet is scheduled to start at 1 o'clock sharp. Any necessary heats will be run in the morning at 10.
